Instruction Week Nemo Corsets.

Nemo corsets have some features found in no other-for example their special self-reducing construction.

Next week, one of the Nemo specialists is to be here to give information about those features, to instruct women about their value and healthfulness, to fit corsets if women wish.

Nemo folks have given a great deal of attention to the question of health, in designing their corsets. They've built them so they give complete support and restful ease. Some models lift and hold the body in a firm but gentle grasp and strengthen the muscles. Some models

SELF-REDUCING reduce the figure—but with no injury. This week of instruction will make clear to interested women the various models and why each is constructed just as it is.

Beginning Monday, for one week, of value to women who seek to combine a graceful figure with easy carriage and full comfort.

Have you ever thought that there is both a right way and a wrong way to lace your corset? to adjust it? to wear

Nemo Instruction Week will give chance to learn the right way.
